WHO WE ARE

Vanscoy & District Agricultural Society is a non-profit organization committed to promoting agriculture & rural living through education, entertainment & community development. We strive to create family, fun filled, diverse opportunities for our communities to learn, explore, compete, and engage in opportunities together. This year is our 41st Fair and we look forward to the opportunity to serve the Vanscoy, Delisle, Asquith, Grandora & Pike Lake communities.

The fair is our main event of the year and we want you to please imagine with us: A hall filled with empty tables and individuals/families who bring their finest baking, crafts, horticulture, sewing/quilting/needlework, school entries, photography, arts, woodworking, canning, and so much more to fill these tables and compete in various categories, listed in our catalogue! The tables are filled with the appropriate category entries and in the morning qualified judges come early to judge all of the entries! Friendly competition is at the heart of our fair where children, students, youth, adults, seniors, and even the Mayor enters to encourage community spirit! When the doors open up for the public to view at 11 a.m. the room fills with smiles, laughs, children eagerly rushing to see if their masterpieces won, and families who come together to celebrate their talent. It's a day of memories of the past, traditions formed, and memories that are created together, all wrapped into a community event to celebrate and showcase our talents. Those who place, earn prize money, and pick it up later that day with smiles on their face and you can hear the children say, "I can't wait for next year!"

Each year, we send out our sponsorship program and graciously ask for donations. This year, we want you to have the sense of awe when you receive our package and know that your donations allow us to continue to host all of our events throughout the year and provides us the opportunity to continue to serve our communities. It has been growing ever since our initiative to "Bring Back the Fair" in 2018 (minus the pandemic years). With the growth comes more development along with categories that many community members have suggested, and we have listened. Our Fair is growing, and we do have an incredible lineup of events offered for 2024, including our fun and educational Safety Day for our local grade 4 students. Thank you for your continued support over the years. Please, give generously, as it will ensure our success this year.
